Meet your Nurse Practitioner

Christine Slack, FNP-C

Education: Simmons College

Board Certification: American Academy of Nurse Practitioners

Christine is a board-certified Family Nurse Practitioner with over 20 years of experience mainly as a hospitalist and oncology before focusing on geriatric care. She received her degree through Simmons College.

Christine has always been passionate about healthcare and knew from a very young age, this is what she wanted to do. As an Army brat, she moved around a lot and learned to make connections with people quickly. This has made it easy for her to connect with patients and their families in order to provide the best care and to make differences in their lives. One of her favorite things about healthcare is the ability to continuously learn and educate herself every day.

To pass time, Christine enjoys spending time with her family and friends, cooking and baking. She has 3 beautiful grandchildren that she often travels to Southern Utah to spend time with.
